### Report On "Badminton"

**Date:** 01-10-2019

**Venue:** Nutan College of Engineering & Research

**Organised by:** Nutan College of Engineering & Research

**Number of Participants:** 07

**Report:**

On October 1, 2019, Nutan College of Engineering & Research hosted a vibrant badminton event that saw enthusiastic participation from students. The college gymnasium buzzed with energy as seven students showcased their skills and sportsmanship in a series of intense matches. The event highlighted the college's commitment to promoting physical fitness and extracurricular activities, fostering a spirit of camaraderie and healthy competition among the participants.

Report On "Chess Competition"

Date: 26-08-2019

Venue: Nutan College of Engineering & Research

Organised by: Nutan College of Engineering & Research

Number of Participants: 01

Report: The Chess Competition at Nutan College of Engineering & Research on August 26, 2019, featured a single student participant, yet exuded immense enthusiasm. Amidst focused gameplay, the participant demonstrated remarkable strategic prowess and mental agility. The event, though modest in scale, epitomized the college's commitment to intellectual engagement and competitive spirit. It showcased the enduring appeal and challenge of chess as a test of strategic thinking and skill.

### Report On "Carrom Competition"

**Date:** 12-07-2019

**Venue:** Nutan Maharashtra Institute of Engineering and Technology

**Organised by:** Nutan Maharashtra Institute of Engineering and Technology

**Number of Participants:** 09

**Report:** On July 12, 2019, the Nutan Maharashtra Institute of Engineering and Technology hosted an exciting Carrom Competition. The event saw enthusiastic participation from nine students, each showcasing their strategic skills and precision. The competition fostered a spirit of camaraderie and sportsmanship, providing a platform for students to engage in friendly rivalry and enhance their gaming prowess. The matches were keenly contested, reflecting the high level of talent among the participants, and culminated in a memorable experience for everyone involved.

### Report On "Chess Competition"

**Date:** 24-12-2019

**Venue:** Nutan Maharashtra Institute of Engineering and Technology

**Organised by:** Nutan Maharashtra Institute of Engineering and Technology

**Number of Participants:** 15

**Report:** On December 24, 2019, the Nutan Maharashtra Institute of Engineering and Technology hosted an exciting chess competition. The event saw the participation of 15 talented students, each showcasing their strategic skills and competitive spirit. The tournament provided a platform for these young minds to engage in intense matches, promoting critical thinking and sportsmanship. The competition was not only a test of chess prowess but also an opportunity for students to connect and learn from each other, making it a memorable day for all involved.

**Report On "Nfs Most Wanted Lan Car Racing"**

**Date:** 16-09-2019

**Venue:** Nutan Maharashtra Institute of Engineering and Technology

**Organised by:** Nutan Maharashtra Institute of Engineering and Technology

**Number of Participants:** 17

**Report:** On September 16, 2019, the Nutan Maharashtra Institute of Engineering and Technology hosted an exhilarating LAN car racing competition featuring the popular game "Need for Speed: Most Wanted." The event saw enthusiastic participation from 17 students, each eager to showcase their virtual driving skills. The competition was intense, with racers navigating through high-speed chases and daring manoeuvres. The atmosphere was electric, filled with the sounds of revving engines and cheering spectators, making it a memorable event for all involved.

**Report On "Spin Web Event"**

**Date:** 06-09-2019

**Venue:** Nutan Maharashtra Institute of Engineering and Technology

**Organised by:** Nutan Maharashtra Institute of Engineering and Technology

**Number of Participants:** 12

**Report:** The "Spin Web" event took place at Nutan Maharashtra Institute of Engineering and Technology on September 6, 2019. In this engaging and interactive event, 12 students participated in a game involving a spinning web-like disk divided into 12-15 sections. Each section contained different tasks or prizes. Participants took turns spinning the wheel, with the outcome determined by the section the needle pointed to when the wheel stopped. This event was designed to be both fun and challenging, providing students with the opportunity to win various prizes or complete tasks based on their spins.
