Mechanical Engineering Department

Report of Mock Technical, Personal and HR Interview of BE Students

Department: Mechanical

Academic Year: 2018-19

Date: 24 /6/ 2019

To,
The Principal,
Through: The HOD MECH

Subject: Report of Mock Technical, Personal and HR Interview of BE Students

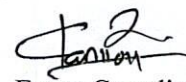

Respected Sir,

The Technical, Personal and HR Interview of BE Students was scheduled in Mechanical Department. Department Faculties taken the interviews and gave suggestion to students to improve their interview performance. This activity will boost student's self-confidence and chances of getting place in industry.

Dates: 24/1/2019 – Technical Interview, 11/2/2019- HR Interview, 21/6/2019- Personal Interview

Faculty Coordinator and Members: Prof. Kalyani Katole, Prof. Manojkumar Kate, Prof. Mangesh Kale, Prof. Spandan Waghmare

Number of students participated: 60

Event Report

Title: Recent trends and demand of IT industry.

Speaker: Dr. Shitalkumar Rawandale sir

Dean (PCET_NUTAN Central Placement Cell)

Date: 19-01-2019

Participants: BE computer

No. of participants: 45

Description:

Placement opportunities for computer engineering students can vary depending on factors such as recent technological trends, industry demand, and geographical location. With the increasing demand for technology-driven solutions, engineering students may find placement opportunities in technology companies specializing in software development, hardware design, electronics, telecommunications, and information technology. Engineering students can also explore placement opportunities through professional associations, industry networking events, career fairs, and online job portals, where they can connect with potential employers and explore job openings in their field of interest. It's essential for engineering students to proactively network, gain relevant experience through internships or co-op programs, and tailor their job search strategy to align with their career goals and aspirations

Objectives:

1. The primary objective is to connect students with potential employers and job opportunities that match their skills, qualifications, and career aspirations.
2. Provide workshops, seminars, and training programs aimed at developing essential employability skills such as communication, teamwork, leadership, problem-solving, and technical proficiency.

Outcomes: One of the primary outcomes is an increase in the number of students successfully placed in internships, co-op positions, or full-time employment opportunities relevant to their field of study.
