Summary of Career Counselling Activities

Year 2019-20

Year	Name of the Activity	Number of students participated
2019-20	Mock GD Session organised by E&TC Department for BE Students	15
2019-20	Interaction session of Placed Student for BE E&TC	28
2019-20	Session of Alumni Ms.Prachi Shevkari, Mr.Sahil Matto, Mr. Supda Kate	35
2019-20	GD/PI session for TE& BE Computer Students	92
2019-20	Hitbullseye conducted Technical training Session of TE students of Computer Engineering	54
2019-20	MOCK Group Discussion sessions conducted for BE Mechanical Students	37
2019-20	Session on Opportunities in Design Industry	87
2019-20	Expert Session on Career Opportunities in Cloud Technology for BE IT students	55
2019-20	Jobs in Data Science using Python for TE IT Students	51
2019-20	Expert Lecture on Career Opportunities in Design	63

Report of Mock Group Discussion Session

Department: E&TC

Academic Year: 2019-20

Date: 23 /01/ 2020

To,
The Principal,
Through: The HOD E&TC

Subject: Report of Mock Group Discussion Session
Respected Sir,

This session was scheduled on 23rd January 2020 at 3.00pm for TE students. The topic was "Creativity V/S Discipline" and "India Super Power in 2040".
Prof. Vijay Navale explained the important points which needs to be remember while group discussion, how to conclude any topic, important of statics in GD and many more points. Students presented both topics nicely.

Outcome: To Boost confidence while speaking which helps in getting placement

Name of Expert: Prof. Vijay Navale

Date: 23rd January 2020 , Time: 3 pm to 4 pm

Total No of students: 30

No. of Participants: 15

Faculty Coordinator and Members: Prof. Bhagyashri A. Warhade

Sr. No.	Date	Title	Important details of events

Report for Training Organized

Department: Computer

Academic Year: 2019-20

Date: 07/07/2019

To,

The Principal,

Through: The HOD, Computer

Subject: Submission of the Report of Hitbullseye GD/PI Sessions for TE, BE Computer Engineering Students.

Respected Sir,

The group discussion and Personal Interview necessitate the contribution of ideas and thoughts; the participants are required to be listen keenly to others' observations. The group discussions are a fantastic way to enhance listening skills, and also boost the confidence of speakers by engaging them and encouraging them to express their thoughts. Objective behind this is to develop the problem solving skills and analytical ability of the student which helps to improve the personality and capable to represent his/her knowledge to handle the problems in Computer Engineering. Group discussion (GD), by virtue of the term, means exchange of views by participants on a given subject. The whole idea is to bring together a set of people on a common platform to share their ideas, thereby giving an opportunity to exhibit not only their knowledge, but also to understand and enhance their learning by absorbing the thoughts of other people.

Hence care has been taken to introduce the student to various concepts gradually followed by examples and student taken greatly benefit of this subject.

No. of Participants: 92 students.

Date: 28/07/ 2019

To,

The Principal,

Through: The HOD, Computer

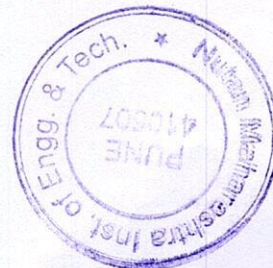

Subject: Submission of the Report of Hitbullseye Mock Interview Sessions for TE, BE Computer Engineering Students.

Respected Sir,

Mock interviews provide candidates with an opportunity to test out their interview skills for an actual job. A mock interview may be offered through career services for students or recent alumni, by a career coach or through a local workforce services office for candidates in the process of transitioning to a new opportunity. No one is the perfect candidate, so mock interviews help you clarify responses to certain questions and help you work on areas where you may have weaknesses. In a real interview, often not feedback about your interviewing abilities, so a mock interview is a perfect opportunity to find out why you may be having some difficulty in landing your dream job. Job coaches who conduct mock interviews are usually ready to point out your strengths in the interview process. By having confidence in your skills, you will perform better in an actual interview. Hence care has been taken to introduce the student to various concepts gradually followed by examples and student taken greatly benefited by this mock interviews.

No. of Participants: 54 students.

Report of MOCK Group Discussion sessions conducted for BE Mechanical Students

Department: Mechanical

Academic Year: 2019-20

Date: 6 /8/ 2019

To,
The Principal,
Through: The HOD MECH

Subject: Report of MOCK Group Discussion sessions conducted for BE Mechanical Students

Respected Sir,

The Mock Group Discussion (GD) sessions were organized for BE Mechanical students to help them prepare for the challenging and competitive recruitment process. These sessions aimed to enhance their communication, teamwork, and problem-solving skills, which are crucial for their future careers in the engineering field.

Outcome:

The Mock Group Discussion sessions proved to be highly beneficial for the BE Mechanical students. They gained valuable experience in handling group discussions, improved their communication and teamwork skills, and enhanced their confidence in expressing their opinions. The sessions also helped students understand the importance of research and preparation before participating in a GD.

Event Report			

Title: Session on Opportunities in Design Industry

Date of Event: 27/12/2019

Participants: Final year students of Mechanical Engineering of NMIET

No. of participants: 87

Faculty coordinator: Prof. Rahul Patil

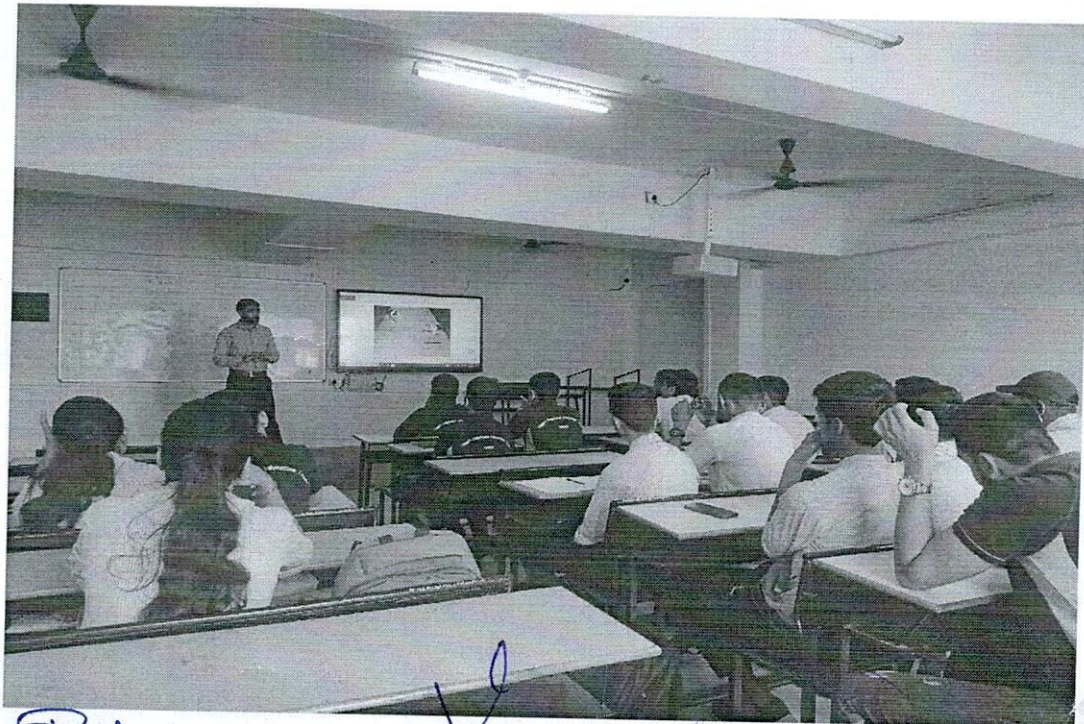

Expert: Mr. Ajay Patil

Description: The session on Opportunities in the Design Industry aimed to provide students and professionals with an understanding of the diverse career paths and prospects available in the design sector. The session covered various design disciplines, industries, job roles, and skills required to excel in the field.

Outcome:

The session provided a comprehensive understanding of the design industry and its various career paths. Students and professionals gained knowledge about industry trends, essential skills, and the importance of continuous learning and professional development. The interactive nature of the session motivated attendees to explore their interests, build relevant skills, and make informed decisions about their future careers.

Report of the session/event organized

Department:IT

Academic Year: 2019-2020

Date:22/11/19

To,

The Principal,

Through: The HOD (IT) of NMIET

Subject: Submission of the Report of "Session of Career opportunities in Cloud Computing dated on 22nd Nov 2019

Respected Sir,

With above reference, we have successfully organized "Session of Career opportunities in Cloud Computing dated on 22nd Nov 2019" for students of UG. The details are given below.

Venue: The event was organized by Department of IT at NMIET.

No. of Participants:55

Co-Ordinators : Prof. Vivek Nagargoje(IT,NMIET)

Objectives:

To educate students on the importance of a well-crafted resume in the job application process. To provide students with guidelines for structuring and formatting their resumes effectively. To help students identify and showcase their relevant skills, experiences, and accomplishments. To offer insights into tailoring resumes for specific job opportunities and industries. To encourage students to continuously update and refine their resumes as they progress in their academic and professional careers.

Session Highlights:

Overview of Resume Basics: The session began with an overview of the purpose of a resume and its significance in the job search process. Students were introduced to the key components of a resume, including contact information, professional summary or objective, education, work experience, skills, and relevant certifications or achievements.

Structuring and Formatting Tips: Students were provided with guidance on how to structure their resumes for maximum impact. This included tips on choosing an appropriate resume format (chronological, functional, or combination), organizing content logically, and using consistent formatting throughout the document.

Principal
Nutan Maharashtra Institute
of Engg. & Technology
"Samarth Vidya Sankul" Vishnupuri
Telegaon Dabhade, 410507

Content Development: Emphasis was placed on the importance of tailoring resumes to specific job opportunities. Students learned how to customize their resumes by highlighting relevant skills, experiences, and achievements that align with the requirements of the job they are applying for.

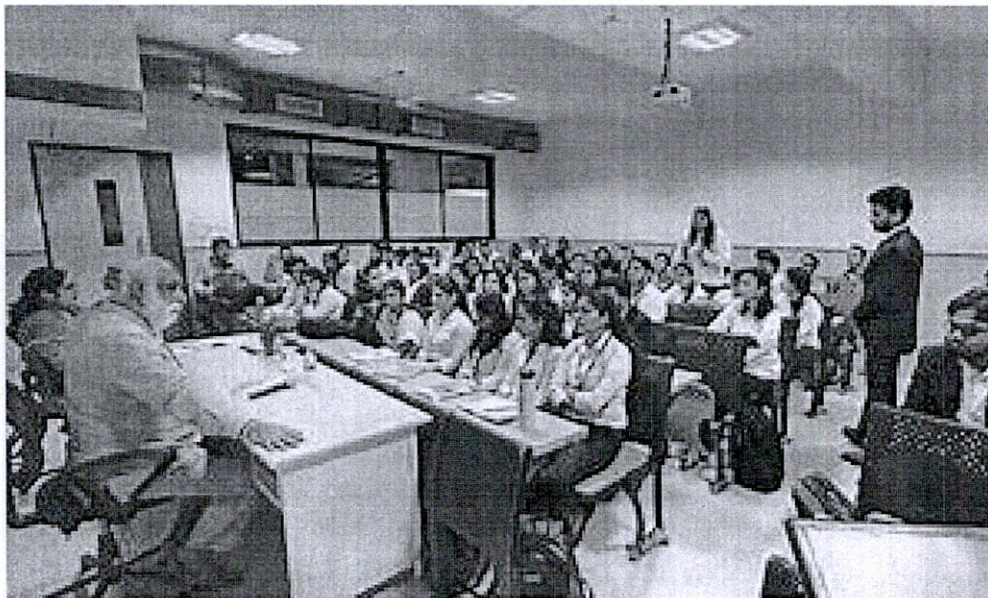

Showcasing Skills and Accomplishments: Strategies were discussed for effectively showcasing skills and accomplishments on a resume. Students were encouraged to use action verbs, quantify achievements where possible, and provide concrete examples of their contributions in previous roles or academic projects.

Proofreading and Editing: The session concluded with tips on proofreading and editing resumes to ensure clarity, accuracy, and professionalism. Students were advised to carefully review their resumes for spelling and grammatical errors, as well as to seek feedback from peers or mentors.

Conclusion:

The resume building session was successful in equipping students with the knowledge and skills necessary to create effective resumes. By applying the insights gained from the session, students are better prepared to showcase their qualifications and experiences to prospective employers, thereby enhancing their chances of securing internships, jobs, or other opportunities in their chosen fields

Report of the event organized

Department:IT

Academic Year: 2022 - 2023

Date:20.10.22

To,

The Principal,

Through: The HOD <IT> of NMIET

Subject: Submission of the Report of "Data Science with Python dated on 20th OCT .2022

Respected Sir,

With above reference, we have successfully organized "Data Science with Python dated on 20th OCT .2022" for students of UG. The details are given below.

Venue: The event was organized by Department of IT at NMIET.

No. of Participants:51

Coordinator: Prof. Vivek Nagargoje(IT,NMIET)

Objective:

The session aimed to introduce students to the fundamentals of data science and its application using Python programming language.

Agenda:

Introduction to Data Science

Basics of Python Programming

Data Manipulation with Pandas

Data Visualization with Matplotlib and Seaborn

Introduction to Machine Learning with Scikit-learn

Hands-on Exercises and Examples

Session Highlights:

The presenter started by explaining the concept of data science and its significance in various industries.

Principal

**Nutan Maharashtra Institute
of Engg. & Technology
"Samarth Vidya Sankul" Vishnupuri
Telegaon Dabhade, 410507**

Basic Python programming concepts such as variables, data types, loops, and functions were covered to ensure a solid foundation for data manipulation.

Students were introduced to the Pandas library for data manipulation, including importing data, data cleaning, filtering, and basic analysis.

Data visualization techniques using Matplotlib and Seaborn were demonstrated to help students understand how to effectively communicate insights from data.

An overview of machine learning algorithms available in Scikit-learn was provided, focusing on supervised and unsupervised learning techniques.

Hands-on exercises were conducted throughout the session to reinforce the concepts covered and give students practical experience in data analysis and machine learning.

Feedback: Session received positive feedback from students, who found it informative and engaging. Many students appreciated the hands-on approach and felt that it helped them grasp the concepts better.

Some students expressed interest in more advanced topics and requested follow-up sessions to delve deeper into specific areas of data science.

Conclusion:

The session on data science using Python provided students with a solid introduction to the field, equipping them with essential skills and knowledge to pursue further studies or careers in data science. The interactive nature of the session facilitated active learning and encouraged students to explore the subject further on their own.

Event Report

Title: Expert Lecture on career opportunities in Design for mech. engineers

Date of Event: 13 /2/2019

Participants: 2nd, 3rd year students of Mechanical Engineering of NMIET

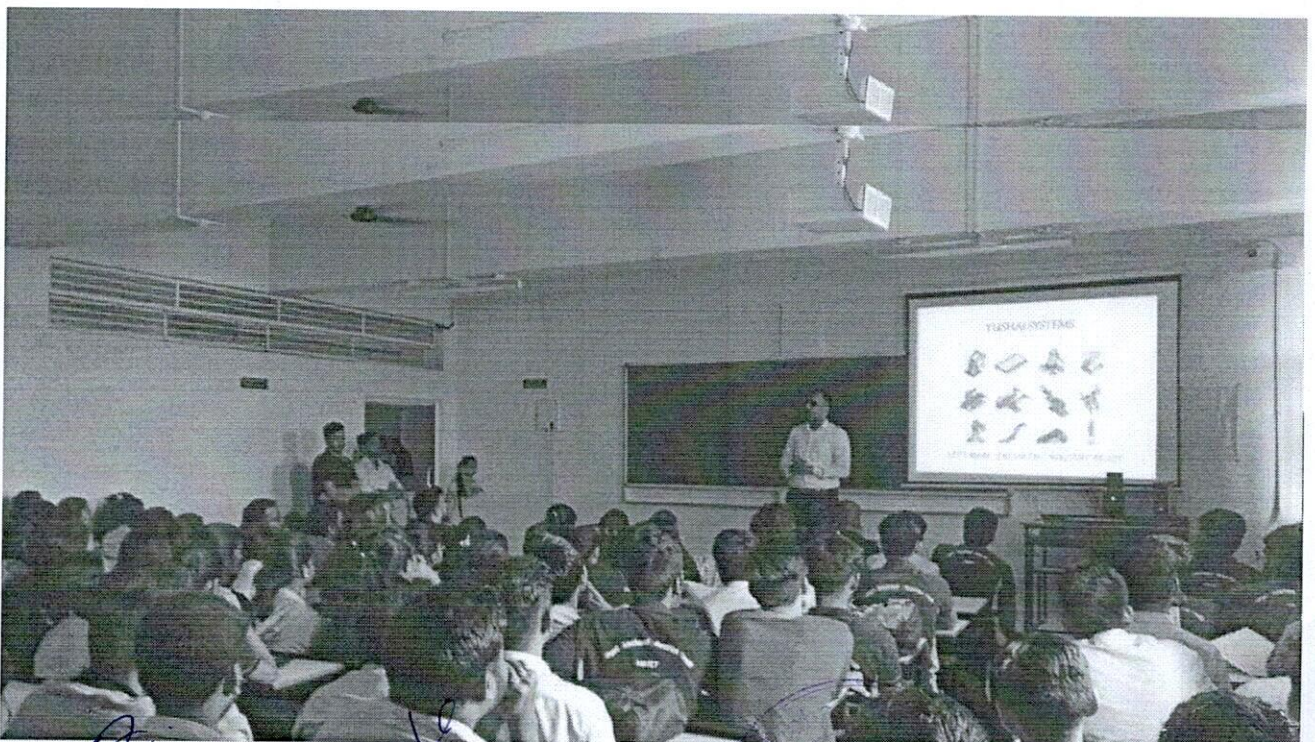

No. of participants: 63

Faculty coordinator: Prof. Kalyani Katole

Description: expert lecture was held to discuss the various career opportunities available for mechanical engineers in the field of design. The session aimed to provide insights into the diverse paths that mechanical engineers can take to enhance their careers and stay relevant in the ever-evolving industry. The expert discussed traditional career paths in design for mechanical engineers, such as working as a design engineer, product designer, or design manager. These roles involve creating and improving mechanical systems, components, and products that cater to various industries, including automotive, aerospace, and manufacturing.

This lecture provided valuable insights into the various paths that mechanical engineers can take to excel in their careers.
