Report for Training Organized

Department: Computer

Academic Year: 2022-23

Date: 13th December, 2022

To,

The Principal,

Through: The HOD, Computer

Subject: Submission of the Report of Hitbullseye GD/PI Sessions for TE, BE Computer Engineering Students.

Respected Sir,

The group discussion and Personal Interview necessitate the contribution of ideas and thoughts; the participants are required to be listen keenly to others' observations. The group discussions are a fantastic way to enhance listening skills, and also boost the confidence of speakers by engaging them and encouraging them to express their thoughts. Objective behind this is to develop the problem solving skills and analytical ability of the student which helps to improve the personality and capable to represent his/her knowledge to handle the problems in Computer Engineering. Group discussion (GD), by virtue of the term, means exchange of views by participants on a given subject. The whole idea is to bring together a set of people on a common platform to share their ideas, thereby giving an opportunity to exhibit not only their knowledge, but also to understand and enhance their learning by absorbing the thoughts of other people.

Hence care has been taken to introduce the student to various concepts gradually followed by examples and student taken greatly benefit of this subject.

No. of Participants: 108 students.

Event Report

Title: Strategic Planning for Placements

Speaker: Dr. Shitalkumar Rawandale sir

Dean (PCET_NUTAN Central Placement Cell)

Date: 23/11/2022

Participants: FE year students of NMIET

No. of participants: 322

Description:

Placement opportunities for engineering students can vary depending on factors such as the specialization of the engineering degree, the industry demand, and the geographical location. With the increasing demand for technology-driven solutions, engineering students may find placement opportunities in technology companies specializing in software development, hardware design, electronics, telecommunications, and information technology. Engineering students can also explore placement opportunities through professional associations, industry networking events, career fairs, and online job portals, where they can connect with potential employers and explore job openings in their field of interest. It's essential for engineering students to proactively network, gain relevant experience through internships or co-op programs, and tailor their job search strategy to align with their career goals and aspirations.

Objectives:

1. The primary objective is to connect students with potential employers and job opportunities that match their skills, qualifications, and career aspirations.
2. Provide workshops, seminars, and training programs aimed at developing essential employability skills such as communication, teamwork, leadership, problem-solving, and technical proficiency.

Outcomes: One of the primary outcomes is an increase in the number of students successfully placed in internships, co-op positions, or full-time employment opportunities relevant to their field of study.

Event Report

Title: Career Guidance session for BE Mechanical

Date of Event: 31/10/2022

Participants: Final year students of Mechanical Engineering of NMIET

No. of participants: 63

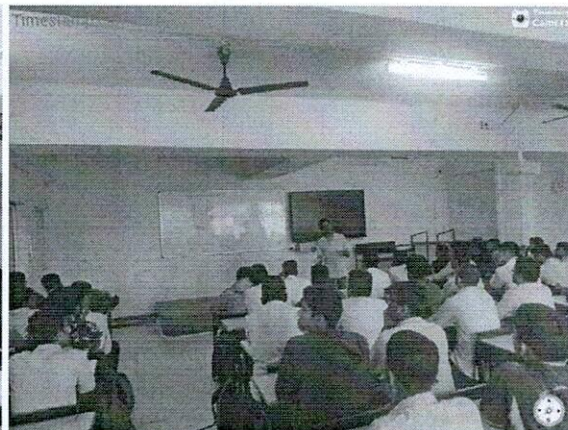

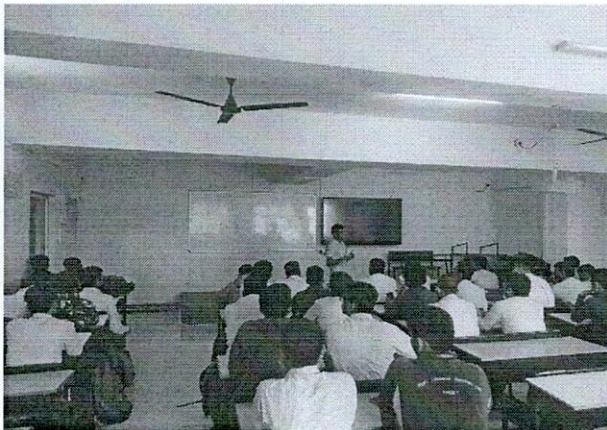

Faculty coordinator: Prof. Rahul Patil

Expert: Mr. Avi Agrawal

Description: The Career Guidance session for BE Mechanical students aimed to provide insights into various career paths and opportunities available to Mechanical Engineering graduates. The session was designed to help students make informed decisions about their future career choices and understand the skills and qualifications required for each career option.

Outcome: The session provided a comprehensive understanding of the diverse career options available to Mechanical Engineering graduates. Students gained knowledge about industry trends, essential skills, and the importance of continuous learning and professional development. The interactive nature of the session motivated students to work towards their career goals and seek opportunities for skill enhancement and networking.

REPORT

Mock Interview Sessions & Placement Guidance

Event- Mock Interview Sessions & Placement Guidance

Day & Date- Friday, 12th August 2022.

Timing- 9.00 am to 4.00 pm

Participation: BE IT 2022-23, batch Students.

Guest :

Senior faculty:

- 1) Prof. Ashish Manwatkar
- 2) Prof. Kapil Wagh
- 3) Prof. Nitin Wankhade

Alumni:

- 1) Tejas Shivaji Kale Working in Coditas Solutions LLP (Associate Software Engineer)
- 2) Vishal Kiran Bankar Working in Capgemini (Senior Analyst)
- 3) Kunal Tilekar Working in PTC Software (Associate Software Analyst)
- 4) Khushal Gangavane Working in Sigma Engineered Solutions (Software Developer)
- 5) Vishal Kiran Bankar Working in Capgemini (Senior Analyst)
- 6) Suraj Agaliwal Working in (Capgemini) Senior Analyst/A5

Objectives:

- 1) To provide students an opportunity to practice, receive feedback and improve their skills.
- 2) To develop interview strategies, enhance communication skills, and answer challenging questions.
- 3) To ease the nerves that many experience before an actual job interview.

Report:

A Mock interview was taken on online and offline mode. alumnae who was not able to come to college took the mock interview online.

Alumnae visited the campus on Saturday, 12th August 2023. Alumna Parth Lokhande conducted an informative session for all students of the BE 2024 batch. He first told the students about the importance of mock interviews and how students to do the preparation and answer the questions. After that, all the alumnae and senior faculty took student interviews.

After this event student confidence is built, also students have an idea about how to do interview preparation, what are the weaknesses, and the need to improve communication skills.

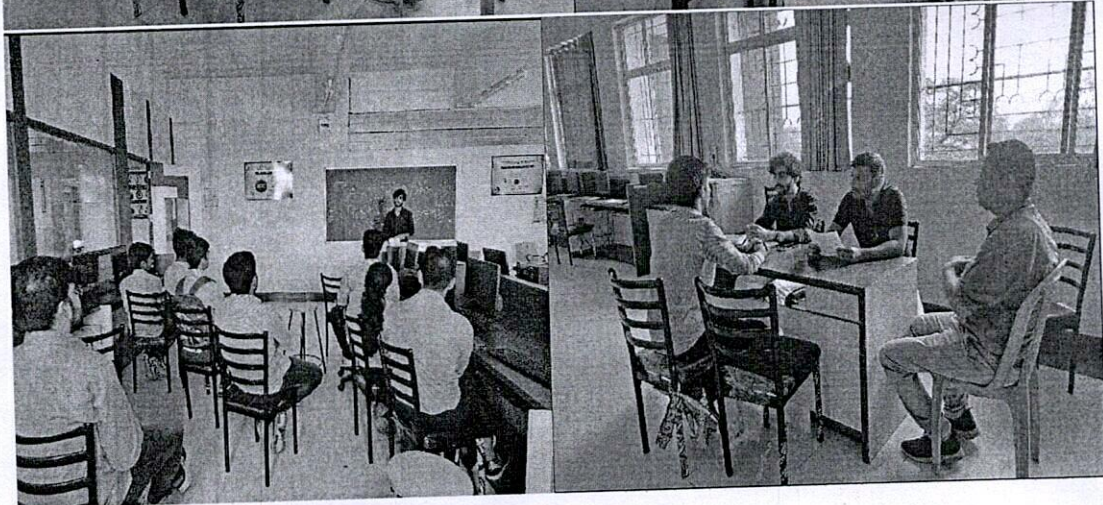

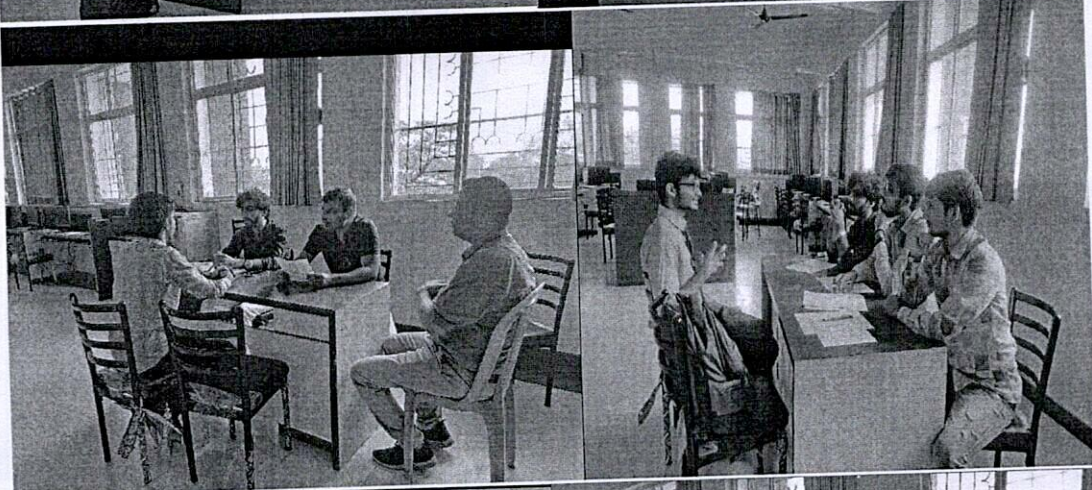

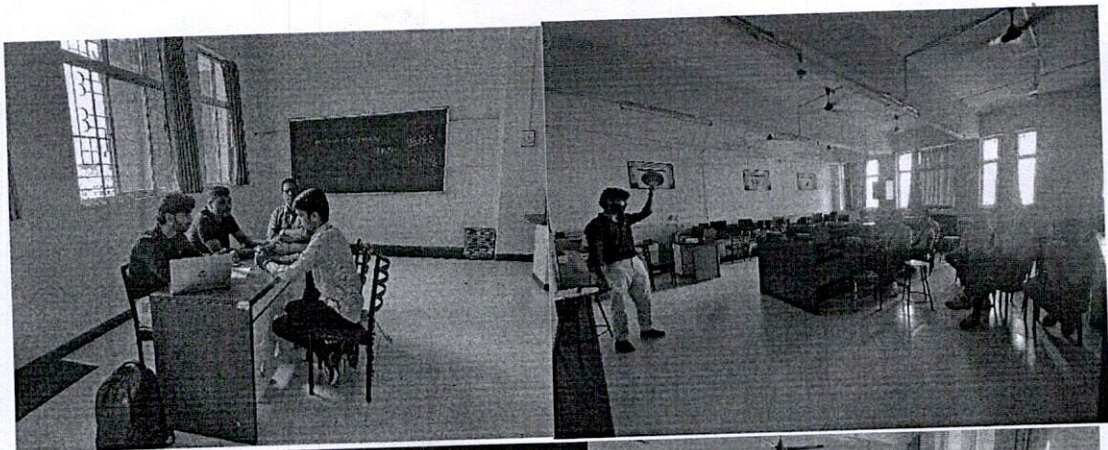

Outcome:

- Students Identifying his Weaknesses
- Students realize that Practice and Preparation are the most important
- Student's confidence also builds

Report for Training Organized

Department: Computer

Academic Year: 2022-23

Date: 19/09/2022

To,

The Principal,

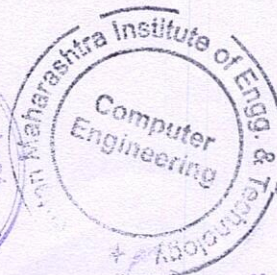

Through: The HOD, Computer

Subject: Submission of the Report of Hitbullseye GD/PI Sessions for TE, BE Computer Engineering Students.

Respected Sir,

Mock interviews provide candidates with an opportunity to test out their interview skills for an actual job. A mock interview may be offered through career services for students or recent alumni, by a career coach or through a local workforce services office for candidates in the process of transitioning to a new opportunity. No one is the perfect candidate, so mock interviews help you clarify responses to certain questions and help you work on areas where you may have weaknesses. In a real interview, often not feedback about your interviewing abilities, so a mock interview is a perfect opportunity to find out why you may be having some difficulty in landing your dream job. Job coaches who conduct mock interviews are usually ready to point out your strengths in the interview process. By having confidence in your skills, you will perform better in an actual interview. Hence care has been taken to introduce the student to various concepts gradually followed by examples and student taken greatly benefited by this mock interviews.

No. of Participants: 54 students.

Report of the event/session organized

Department:IT

Academic Year: 2022-2023

Date:23.02.2023

To,

The Principal,

Through: The HOD < IT> of NMIET

Subject: Submission of the Report of "Technical Training Sessions dated on 20th Feb.2023"

Respected Sir,

With above reference, we have successfully organized "Technical Training Sessions dated on 20th Feb.2023" for students of UG. The details are given below.

Venue: Department of IT at NMIET.

No. of Participants:55

Coordinator: Prof. Prof. Vivek Nagargoje

Introduction: Technical training sessions for IT students are vital in preparing them for the challenges and demands of the modern tech industry. These sessions serve as a bridge between academic knowledge and practical skills, equipping students with the necessary tools to excel in their careers. This report outlines the objectives, content, delivery methods, and outcomes of recent technical training sessions conducted for IT students.

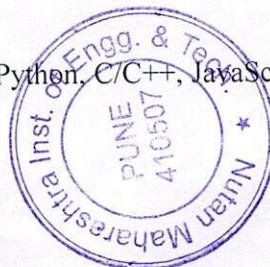

Objectives:

1. Enhance practical skills: Provide hands-on experience and practical knowledge in various areas of IT, including programming languages, software development methodologies, networking, cybersecurity, and database management.
2. Foster critical thinking: Encourage students to think critically, solve problems independently, and develop innovative solutions to real-world challenges.
3. Promote collaboration: Facilitate teamwork and collaboration among students through group projects, discussions, and peer learning.
4. Prepare for industry demands: Align training content with industry trends, emerging technologies, and best practices to ensure students are well-prepared for the demands of the IT sector.
5. Evaluate learning outcomes: Assess the effectiveness of training sessions through feedback mechanisms, quizzes, assignments, and practical assessments to measure students' comprehension and skills acquisition.

Content: The technical training sessions covered a wide range of topics, including but not limited to:

1. Programming languages: Java, Python, C/C++, JavaScript, etc.

Principal
Nutan Maharashtra Institute
of Engg. & Technology
"Samarth Vidya Sankul" Vishnupuri
Telegaon Dabhade, 410507

2. Web development: HTML, CSS, JavaScript frameworks (e.g., React, Angular), server-side scripting (e.g., Node.js), etc.
3. Software development methodologies: Agile, Scrum, DevOps practices, version control systems (e.g., Git), etc.
4. Networking: TCP/IP fundamentals, network protocols, routing, switching, security principles, etc.
5. Cybersecurity: Threat detection, risk assessment, encryption techniques, penetration testing, etc.
6. Database management: SQL fundamentals, database design, normalization, query optimization, etc.

Delivery Methods:

1. Lectures: Conducted by experienced IT professionals and faculty members to introduce theoretical concepts and provide insights into industry practices.
2. Hands-on workshops: Interactive sessions where students apply theoretical knowledge to practical scenarios, complete coding exercises, and work on real-world projects.
3. Case studies: Analyzing real-life case studies allows students to understand how theoretical concepts are applied in practical settings and learn from real-world examples.
4. Group projects: Collaborative assignments that require students to work together to solve problems, develop applications, or implement solutions, promoting teamwork and communication skills.
5. Online resources: Supplementary materials such as video tutorials, articles, and online courses are provided to supplement classroom learning and allow students to further explore topics at their own pace.

Outcomes:

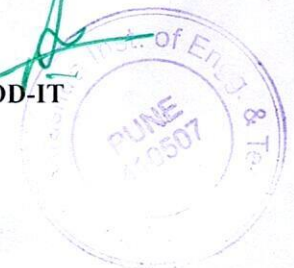

1. Enhanced technical skills: Students demonstrated improved proficiency in programming languages, software development methodologies, networking concepts, cybersecurity principles, and database management techniques.
2. Critical thinking abilities: Students developed the ability to analyze complex problems, devise solutions, and think critically about various technical challenges.
3. Improved collaboration: Group projects and interactive sessions facilitated teamwork, communication, and collaboration among students, enhancing their ability to work effectively in team settings.
4. Industry readiness: Students gained insights into current industry trends, emerging technologies, and best practices, preparing them for successful careers in the IT sector.
5. Positive feedback: Evaluation surveys and feedback mechanisms indicated high levels of satisfaction among students, with many expressing appreciation for the hands-on approach, relevance of the content, and quality of instruction.

Conclusion: Technical training sessions play a crucial role in preparing IT students for the challenges of the modern tech industry. By providing hands-on experience, fostering critical thinking, promoting collaboration, and aligning content with industry demands, these sessions equip students with the skills and knowledge necessary to succeed in their careers. Continuous assessment and feedback mechanisms ensure the effectiveness of training programs and enable ongoing improvement. Overall, the recent technical training sessions have been instrumental in enhancing the capabilities and readiness of IT students for the evolving landscape of the IT industry.

Date: 25/07/2022

To,

The Principal,

Through: The HOD E&TC

Subject: Report of Mock Interview Session for 2023 Batch students conducted with the help of Alumni for BE students

Respected Sir,

This activity was conducted from 15th July 2022 to 23rd July 2022 (online mode) in which alumni of 2019,2020 and 2021 batch were invited. 2 Technical and 2 HR interviews were conducted. The time table as per availability of alumni were prepared and circulated among students, each alumni have allocated 5 to 6 students for assessment purpose. Assessment sheet of individual student was prepared and filled by the alumni at the end of the interview. In order to make students placement ready, these mock interviews were conducted.

Mentor Name:

Alumni 2021 Batch: Mr. Rohan Bharate, Mr. Abhishek Gupta, Mr. Shubham Mane, Mr. Ankush Aghawane, Ms. Sadichha Kale, Ms. Shivani Makode, Mr. Archit Singhal, Mr. Shubham Walunj

Alumni 2020 Batch: Ms. Neha Joshi, Ms. Seema Zaware, Ms. Shagufta, Mr. Rahul Khod

Alumni 2019 Batch: Mr. Sanket Dighe

No. of Students participated: 42

Faculty Coordinator and Members: Prof. Bhagyashri A. Warhade
