Report for Training Organized

Department: Computer

Academic Year: 2019-20

Date: 07/07/2019

To,

The Principal,

Through: The HOD, Computer

Subject: Submission of the Report of Hitbullseye GD/PI Sessions for TE, BE Computer Engineering Students.

Respected Sir,

The group discussion and Personal Interview necessitate the contribution of ideas and thoughts; the participants are required to be listen keenly to others' observations. The group discussions are a fantastic way to enhance listening skills, and also boost the confidence of speakers by engaging them and encouraging them to express their thoughts. Objective behind this is to develop the problem solving skills and analytical ability of the student which helps to improve the personality and capable to represent his/her knowledge to handle the problems in Computer Engineering. Group discussion (GD), by virtue of the term, means exchange of views by participants on a given subject. The whole idea is to bring together a set of people on a common platform to share their ideas, thereby giving an opportunity to exhibit not only their knowledge, but also to understand and enhance their learning by absorbing the thoughts of other people.

Hence care has been taken to introduce the student to various concepts gradually followed by examples and student taken greatly benefit of this subject.

No. of Participants: 92 students.
