• Objective of Activity:

allii

Research objectives describe what your research project intends to accomplish. They should guide every step of the research process, including how you collect data, build your argument, and develop your conclusion. But, your research objectives may evolve slightly as your research progresses, but they should always line up with the research carried out and the actual content of your paper.

No. of Participants: 91 students.

Topic: How to write Research Paper

Speaker: Dr. Manoj Devare

Professor & Head of Institution Amity University Mumbai

• Brief Description of Activity:

Department of Computer Engineering in Nutan Maharashtra Institute of Engineering & Technology, Falgaon Dabhade Pune, has organized seminar on "Selecting Reputed Journals for Paper Publication" for Computer Engineering SIU, Pune.

Our department of Computer Engineering has organized seminar on "Selecting Reputed Journals for Paper Publication" therefore this topic included as a journal selection for paper publication for students in Computer Engineering Courses.

The seminar topic was basically focused on the vivid aspects of journal. Reputed Journals for Paper Publication nowadays have become a must for college students as well as professors. Around 91 students from computer department had participated in this seminar. Dr. Manoj Devare started his seminar by first explaining what is a journal and then discussed the

Subject: Organization of webinar on "Webinar on Intellectual Property Rights & Standardization" on 5th April 2022

Respected Sir,

On the occasion of the 75th anniversary of independence, the Government of India has begun a mission to spread awareness on IPR among faculties and students under the scheme – National Intellectual Property Awareness Mission (NIPAM). As a part of this mission, Department of Electronics and Telecommunication Engineering of PCET-s & Nutan Maharashtra Vidyasarak Mandal's, Nutan Maharashtra Institute of Engineering & Technology, Pune Maharashtra in association with the Indian Patent Office, Mumbai Maharashtra has successfully organized a Webinar on "Intellectual Property Rights & Standardization" on 5th April 2022 at 11.30 AM.

The Inaugural Session was presided by coordinator of Business and Startup Club of the Department Prof. Mrs. Harsha Sarode. The gathering was addressed by Head of the Electronics and Telecommunication Engineering department Dr. V. V. Dole and Inauguration of the webinar by Principal Dr. Lalit Kumar Wardha. Over 64 participants attended the webinar through online mode.

The webinar was organized with the objective of promoting the awareness and skills among the students and faculty community about the importance of IPR, enhancing their knowledge in IP related fields of patent in different categories, to explore the Indian Scenario of Intellectual Property Right System. Patents, Copy Rights, Trademarks, to provide a better understanding of the procedures to be followed for filing patent application, its relevance in these times and its necessity for the advancement in research and development in India.

Resource persons were intended to cover various forms of IPR like Patents, Copyrights, and Trademarks, their significance and its procedures. The speaker covered the basic aspects of patenting and the economic significance of creating and providing legal safeguard to novel ideas, innovations etc

The speaker shared his magnificent knowledge and experience in the Patents and Intellectual Property Rights where he guided students about drafting the patents and what actually can be patented. This vast information regarding the field is essential in today's world where innovation leads Start-Up's count every second. It is essential for the participants engaged in developing new concepts and products who should protect their ideas by patenting them or choosing suitable Intellectual Property Rights. The contents covered by the speaker include the basics/terms of IPR. He also talked about copyrights, Trademarks and Patents by giving various real life examples. He also talked about various brands and gave knowledge about the salient features of IPR. He explained what can be patented and what cannot be patented as per rules. He talked about the terminology used in IPR. The webinar was further enlightened by the interesting questions and answers in which attendees asked their questions to file their inventions and few mentioned key challenges to file their inventions. Perhaps, resource persons addressed all questions during this session.
