Seminar on “Challenges & Opportunities in Global R&D”

Department: Computer

Academic Year: 2023-24

Date: 18/04/2024

▪ **Objective of Activity:**

Research and development—and as a result, technology—have tremendously improved the quality of human life over the last five decades. With the increasing significance of technology today, it becomes apparent that R&D has to take into account not only customers and business economics but the environment and society as well. DuPont's mission statement, “Better things for better living through chemistry,” tries to capture this spirit. Kao's mission of “Safety for society and users” includes the all-important customer in its vision. It is difficult enough to find an all-encompassing vision that appeals to customers, employees, and investors with different values and expectations. It is perhaps even more difficult to execute this vision.

▪ **No. of Participants:** 87 students.

▪ **Topic:** Challenges & Opportunities in Global R&D

▪ **Speaker:** Dr. M. S. Chaudhari

Dean Research & Development, SIT, Lonavla.

▪ **Brief Description of Activity:**

Department of Computer Engineering in Nutan Maharashtra institute of engineering & technology, Talegaon Dabhade Pune, has organized seminar on “Challenges & Opportunities in Global R&D” for TE & BE Computer Engineering Students.

The lecture topic was basically focused on the vivid aspects of Challenges & Opportunities in Global R&D. Challenges & Opportunities in Global R&D nowadays have become a must for college students as well as professors. Around 87 students had participated in this seminar. Dr. M. S. Chaudhari started his lecture by first explaining what are challenges in R&D and then discussed the details of Challenges & Opportunities in Global R&D.

At the end it was an interactive session where students cleared their doubts regarding Challenges & Opportunities in Global R&D.

- **Outcome Achieved:** Students understood the Challenges & Opportunities in Global R&D.
 - **Date:** 18/04/2024
- Time:** 10:00 am to 1:00 pm
